

The **Michalon** gas-stations, located close to Saint-Étienne in France, are now wearing **Xbee** colors and logo.

The Michalon family is always willing to do more for its customers, to offer more efficient fuels and to reduce their gas emissions footprint. That is the reason why they decided to offer Xbee fuels in their new gas-stations: Xbee gasoline (95 & 95E85), Xbee diesel and Xbee off-road diesel.

These naturally additized fuels are exclusively available at the **Michalon** gas-stations in an area of fifty kilometers around them. You also have the opportunity to buy **Xbee** dosing bottles in order to treat yourself your car's reservoir or your home heating oil tank. Moreover, **Michalon** also delivers fuels to private homes and companies, said fuel can be enhanced with the Xbee natural fuel additive on demand.

By the end of June 2016, **Mr Michalon** has compared sales volumes of the first 2016 semester to the same period in 2015. To really appreciate the positive results of these two Xbee gas-stations, you must keep in mind the observations made by UFIP (French Union of the Petroleum Industries) :

"Since January 2016, road fuels deliveries have increased by 1.5% compared to the same period in 2015. Gasoline deliveries increased by 3% and diesel by 1.2%."

Saint-Bonnet-le-Château:

Standard diesel > +5.66%
 Xbee diesel > +21.60%
 Xbee Unleaded 95 > +8.10%
 Xbee E10 > +39.40%

Montrond-les-Bains:

Standard diesel > -2.90%
 Xbee diesel > +32.33%
 Xbee Unleaded 95 > +13.95%
 Xbee E10 > +12.53%

Engines and fuels guarantees:

▫ **Xbee** is in compliance with the **CEC** tests, recognized by the **ACEA** that represents 13 of the main European vehicles manufacturers.
<http://www.acea.be>

▫ On the other hand, **Xbee** respects the European regulation EN 590 Diesel norm and CSR 500 IFO 380 norm.
