

**Berthelet** operates a modern fleet of more than 140 coaches.

This key company in Rhône-Alpes, France, is in charge of all the shuttle transport at the international airport **Lyon Saint-Exupéry**.

**Berthelet** is a specialist of European travels. Its focus being comfort, security and respect of the travelers. This respect also means taking care of the travelers health and environment.

By using **Xbee** diesel, **Berthelet** reduces markedly its CO2 emissions and so clearly shows its environment-friendly policy.

Xbee fuels contribute actively to the reduction of the CO<sub>2</sub> emissions, the main greenhouse gas. This Berthelet fleet is reducing its CO<sub>2</sub> emissions by almost

**360**  
**tons per**  
**year**

*Ascal results, based on the Veolia Transport urban fleet of Saumur. Stopping service. Based on 1,500 operating hours per year.*

Engines and fuels guarantees:

▫ **Xbee** is in compliance with the **CEC** tests, recognized by the **ACEA** that represents 13 of the main European vehicles manufacturers.

<http://www.acea.be>

▫ On the other hand, **Xbee** respects the European regulation EN 590 Diesel norm and CSR 500 IFO 380 norm.
