

B.F.T.

The **BFT company** operates hundreds of tractors of all brands from the Lyon river port and is specialized in the transport of containers and special transport.

Xbee fuels contribute actively to the reduction of the CO₂ emissions, the main greenhouse gas. This BFT's fleet is reducing its CO₂ emissions by almost

60
tons per
year

Ascal results, based on the Veolia Transport urban fleet of Saumur. Stopping service. Based on 1,500 operating hours per year.

"... Sincerity ... Efficiency ... Rapidity«

Are the three major pre-occupations of Patrick Folleas and his entire team.

► BFT is mainly equipped in Mercedes V6 and V8 from 410 to 680 cv.

Patrick Folleas has entrusted **Xbee** enzymatic biotechnology to reduce his activity's environmental footprint, while scrupulously ensuring the excellent state of his fuels and equipment.

Engines and fuels
guarantees:

▫ **Xbee** is in compliance with the **CEC** tests, recognized by the **ACEA** that represents 13 of the main European vehicles manufacturers.
<http://www.acea.be>

▫ On the other hand, **Xbee** respects the European regulation EN 590 Diesel norm and CSR 500 IFO 380 norm.
